HOW TO USE THIS TEMPLATE

- 1. Each dashed outline is one tab position — a 1/8 cut gives 8 tabs per set (bank).
- 2. Tab text area: about 1.25" tall × 0.5" deep. Keep text 0.1" from edges.
- 3. Need more tabs than positions? Sets repeat in additional banks (see tabzoola.com/tab-cut-calculator).
- 4. Printing your own labels? Align to the dashed outlines. Or skip the DIY —
